

Causal Inference Recitation-Week 1

Alex Zhang

Sep 5, 2025

Logistics:

- Recitation run ~50 min
- Attendance is not required
- Recitations are **mostly hands-on coding**.
- **Exceptions**
 - **This & next week:** stats/probability review
 - **Midterm & final weeks:** review sessions
- **Otherwise:** it's **code, code, code**—live demos + practice.
- **Exams are concept-focused: no coding questions** on the midterm or final.
